

## Application Procedure

It is important that all interested parties familiarise themselves thoroughly with the procedure for submitting applications for the auction to license digital mobile operators in Nigeria.

Interested parties should note that Applications MUST be:

In 3 hard copies;

- On 21st December 2000 (Application Date);
- Between 9am and 3pm Nigerian local time; and
- Delivered to the Nigerian Communications Commission's head offices in Abuja.

Anyone who is unsure of the exact location of the Commission's head offices should endeavour to find out well in advance of the Application Date.

Interested parties are ADVISED that submissions be:

- Clearly marked "Digital Mobile Auction – For the attention of the Executive Vice Chairman";
- Secured; and
- Accompanied by a legal representative.

The Commission's representatives will be present throughout the application period in a designated room. This room will be clearly signposted from the main gate of the Commission's head offices. Interested parties are responsible for ensuring that their applications are delivered into the hands of the Commission's legal representative. They should also ensure that they receive a signed receipt for their application.
