

Stakeholder Consultative Forum on Licensing of 70/80GHz Band

In line with the Commission's practice of industry-wide consultations in carrying out its regulatory activities, the Commission is currently exploring options for licensing users in the 70/80GHz Spectrum band.

Industry stakeholders, service providers, investors, financiers, VAS providers, and experts are therefore invited to an industry consultative forum to chart the way forward for the licensing of service providers in this band within the Nigerian telecom industry.

The forum will hold as follows:

Date: March 12, 2015

Venue: Lagos Sheraton Hotels and Towers, Ikeja

Time: 10.00 am Prompt

For further Details, please contact:

Engr. Austine Nwaulune
